

Automate Performance Management and Simplify Collaboration

Control every aspect of your business with our all-in-one performance management platform for your teams (employees, partners and suppliers)

Performance Management

Simplify performance management and make it easy for your teams to drive their success

Project Management

A powerful tool to manage projects and digitize processes quickly and easily.

Gamification

Make performance management fun and exciting for your team

Document Management

Create a "toolbox" for each role to increase productivity and stop losing time hunting

Communications

Design custom feeds that automatically pull and organise internal and external information to save time spent searching

CRM

Manage all your sales, marketing, support, and suppliers effortlessly

HRMS

Powerful HR tool covering all your people's needs

Rewards

Reward and motivate your rock stars so that they continue to move and shake your business straight to success

Task Management

Simplify task management and distribution (1:1 or to everyone) with a single view that helps with prioritisation, collaboration and progress

Business Intelligence

Have a look across the organization to see the trends in the business.

Custom Integrations

Simplify employee experience and hide your spaghetti junction of tools with one interface into your business

Collaboration

Structured yet simple and efficient tool for team communication and knowledge sharing

- Chats
- Tips
- Feedback

Collaboration tools have made communications faster and easier. However legacy applications make accessing important information hard because they are randomly scattered into a long thread.

iCollaborate is here to change that experience and ease the communication while injecting structure so that team doesn't lose valuable information in the thread

ollaborate

CHAT

Group and individual chats

Set up one-on-one chats or use group chats to create focus areas and breakouts to simplify and organize collaboration

Be interconnected

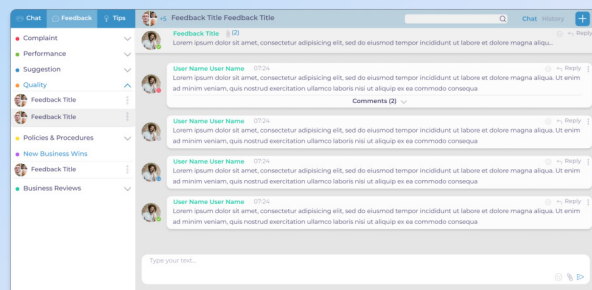

iChat lets you interact with data and activities you see across the platform by just right-clicking on anyone's profile image. Now you can integrate observations and outcomes into your chats to drive clarity, recognize outcomes, set strategies, set actions, etc

Quick Chat

Get notifications on your desktop or mobile device and send immediate responses without having to flip to a different screen

FEEDBACK

Share your thoughts

Whether it is one on one or to a group of team members, Feedback lets you share your thoughts and information (attachments, Links, images, etc) instantly with your team.

This isn't a flat one-way channel, rather it creates a focused forum to drive engagement.

Now you can have one location for your 1:1's, announcements, discussions, and any other topic that moves from flat communication to a rich and engaging collaboration

Set permissions

Set up private threads and discuss specific topics without disturbing other teams.

A great location to handle those sometimes-sensitive topics that you need to document and acknowledge

Get the feedback

Every post can be liked and commented to make sure feedback is clear and / or enhanced with the crowd's feedback

TIPS

Make sure everyone is aware

To keep your knowledge center growing, individuals are instantly rewarded and acknowledged. Plus, a notification goes out to everyone to drive engagement with a newly posted Tip.

Now knowledge sharing can be fun, rewarding and very visible so you get the right impact on your business

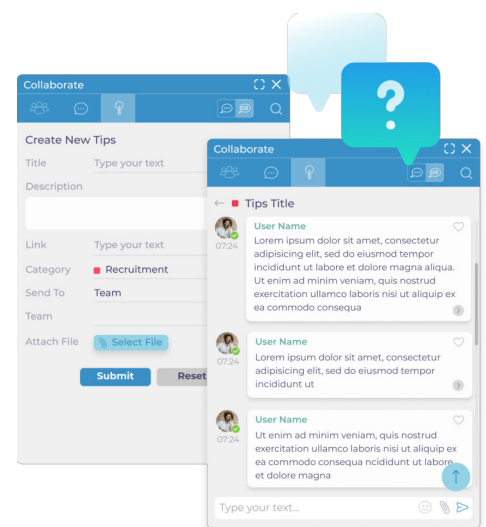

Always on Knowledge and Innovation

Tips creates an instant knowledge center and allows you to set-up categories to instantly keep knowledge and innovations organized. The search feature lets team members quickly get to the help they need

Keep it simple

Open your organization to cross team and organization wide knowledge sharing.

There are lots of good ideas and working practices in each team member's hands that if unleashed would increase your business results. Tips lets anyone share their knowledge or Innovations; 1:1 or to groups of team members, into a forum that drives engagement and enrichment of knowledge sharing with the crowd's input
