

Let the team change the game and win it by equipping them with leader boards, badges, notifications, competitions, and rewards

amify

GAMIFICATION

Sustain the Competitive Spirit and create a highly motivated team with instant recognition of their performance as it happens, not weeks later...

Contests

Make performance fun, set up contests to get ar individual or teams focused on new or existing priorities.

Run competitions either ad hoc or periodically, they are a flexible tool to ensuring you achieve the right outcomes

Rewards

Reward and motivate your rock stars so that they continue to shake and move your business straight to success.

Share your love not only by big rewards but also via small acknowledgments every step towards the big goals.

Badges, Trophies, Levels

Reward team members with badges, trophies, and new levels of mastership each time they accomplish tasks with increased complexity plus keep them motivate with instant public recognition of their performance

LEADER BOARDS

Always-On stack ranking of performance that you can interact with by sending your comments or "like" what you see

Progress Track

site: swivelt.com

See the overall achievements or drill down to a specific metric to see how it compares to the top three performers

Leaders Dashboard

See full stack ranking of all team members linked with the progress track so that you can see a leader board for overall performance as well as individual metrics.

Click "View All" to see everyone's stack ranking

Every Element

For every element you can see the leader boards not just for metrics, but also to assess "behaviours" that let you know if a team or individual is doing the right things to improve / sustain outcomes
